

CAPABILITIES STATEMENT

ActOne Government Solutions (A1GS) designs and provides innovative workforce solutions for private and public sector entities. At the local, state, and federal levels, these include hundreds of municipalities, educational institutions, public utilities, and transportation authorities across the United States. As specialists within the government space, A1GS leverages our broad roster of subject matter experts (SMEs) as part of The ActOne Group, along with decades of industry experience, strategic partnerships, and professional assessments of the labor market and hiring trends to drive value to our clients. Our award-winning reputation comes from years of matching our client's specific needs with quality, efficiency, and innovation. With a network of 225 offices nationwide, A1GS is a scalable and sustainable enterprise capable of meeting the workforce requirements of any private or public sector client.
